## Getting around Zagreb

### PUBLIC TRANSPORT

Zagreb has a well-developed and efficient public transport system that consists of trams and buses. The provider of public transport service is Zagreb Electric Tram Company (ZET). The price of a single one-zone ticket valid for 30 minutes is 4 HRK (~ 0,50 €) when bought from a newspaper stand and ZET ticket office. There is an option to buy ticket directly from the tram or bus driver but this makes the price slightly higher, 6HRK (~ 0,80 €). The ticket can only be paid in local currency. There are also other ticket options (such as daily and even 3-days tickets) which you can check on ZET's website: <http://www.zet.hr/en>. Also, on ZET's website you have an option to plan your trip around Zagreb by using Google Maps.

To get to FEB, you can use trams **1, 9 or 17** that arrive at tram station Svetice or **4, 5, 7, 11 or 12** that arrive at tram station Park Maksimir, depending on from where

you're going (please refer to ZET's trip planning option by entering the address of your location).

Zagreb's focal point is Ban Jelačić Square (also known as just The Square). It is the intersection of almost every ZET's tram: 1, 6, 8, 11, 12, 13, 14, 17. If you want to get here from the FEB, it will take you about 10-15 minutes by tram. You can find a map of all the trams in Zagreb at the bottom.

### TAXI

If you want to get around Zagreb by a taxi service, there are some convenient options:

- Radio Taxi Zagreb (+385 1 1717): <https://radiotaxizagreb.com/en/>
- Taxi Cammeo (+385 1 1212): <https://cammeo.hr/en>
- Uber & Bolt (which ever you prefer)

*(We advise you to use Uber & Bolt, Radio Taxi Zagreb or Taxi Cammeo to avoid taxi services that charge higher fees.)*

## Getting from and to the Airport

To get to your hotel (or wherever you're going) from the Airport, you have three options:

### PUBLIC TRANSPORT (bus 290)

- Takes you from the Airport to Kvaternik Square and vice versa
- Please have in mind that stop for line 290 is not at the bays signed "Public Transportation" but instead on the main road leading past the Airport
- Ride lasts about 35-40 minutes
- One hour ticket costs 10 HRK if you buy it from the driver
- Valid timetable at: [http://www.zagreb-airport.hr/UserDocslImages/dokumenti/ZET\\_linija\\_290.pdf](http://www.zagreb-airport.hr/UserDocslImages/dokumenti/ZET_linija_290.pdf)
- At the Kvaternik Square you can take trams: **5, 7, 4, 11, 12, 13**
- At the tram station Heinzlova you can take trams: **1, 9, 17**

### AIRPORT SHUTTLE

- Takes you from the Airport to Zagreb Central Bus Terminal
- Airport Shuttle picks up passengers at a spot marked "Public Transportation"
- Ride lasts about 35-40 minutes
- One-way ticket costs 30 HRK, daily two-way ticket costs 40 HRK
- Valid timetable at: <http://www.plesoprijevoz.hr/en/page/timetable>

### TAXI

- The taxi stand for arriving passengers is available at the Passenger Terminal, located in the vicinity of the Ground Floor, Arrivals level of the Terminal. You can follow signs for Taxi. It is Zagreb Airport Official Taxi and slightly more expensive than other providers. If you want to use another taxi service, you need to leave the airport area.
- If you're coming directly to FEB, we advise you to take the bus 290 to Kvaternik Square, go to the tram station Heinzlova (just walk south for 3-5 minutes) and take any tram (1, 9 or 17) going east to Svetice. When you exit the tram, you'll see FEB building if you face north.

## Currency in Croatia

Croatian currency is kuna (HRK or kn). There are plenty of banks in vicinity of the FEB where you can exchange currency, but we advise you to have at least 100 HRK when you arrive to make sure you are able to get to your hotel from the Airport. It is possible to exchange currency at the Airport.

**1€ ≈ 7,4 HRK**

## Choosing a place to stay in Zagreb

There are three hotels that offer you a discount as a participant of EUPRERA 21<sup>ST</sup> Annual Congress. You can find all the info on congress <https://euprera2019.com/accommodation/>.

## Mobile data & WI-FI

Croatia is part of the European Union, which means if you live in the EU, there is no roaming and you can use your mobile data normally. As a participant of the Congress, you will be able to use WI-FI inside of the FEB building.
